

Chlorophyll and carotenoid content and their relationship to the ABA content in *Arabidopsis thaliana*

A collage of four panels showing a person in a cage. The panels are arranged in a 2x2 grid. Each panel features large yellow text overlaid on a background image. The top-left panel contains the word 'EL' in yellow. The top-right panel contains the word 'CAGE' in yellow. The bottom-left panel contains the word 'CAGE' in yellow. The bottom-right panel contains the word 'DEAI' in yellow. The background images show a person in a cage, with the top-left image showing a person in a dark cage, the top-right image showing a person in a cage with a red and blue striped floor, the bottom-left image showing a person in a cage with a green and blue striped floor, and the bottom-right image showing a person in a cage with a brown and tan striped floor.
