## **Recap of New Closeout Process**

### **Notable changes discussed in November's OSP Exchange:**

1- At 90 days prior to the award end date, the PI and the Departmental Research Administrator will receive a notification announcing the upcoming closeout which will include a link to the new Award Ending Notice.

2- At 30 days prior to the award end date, the PI and Departmental Research Administrator will receive a reminder notification which will include a link to the new Departmental Closeout Checklist. This checklist will need to be submitted to OSP with the PI's signature no later than 60 days after the award end date. Please begin using this checklist going forward for all closeouts.

3- On the actual award end date, the PI and Departmental Research Administrator will receive another reminder that the award has ended.

4- We have a new general mailbox, [OSPCloseouts@bc.edu](mailto:OSPCloseouts@bc.edu) where you may receive follow-up notices periodically as we work to reconcile late closeouts.

5- All final non-financial reports must have an official Proof of Submission emailed to your OSP Pre-Award Representative at time of closeout for filing and auditing purposes. Final Proof of Submission should be either a copy of an email from the sponsor notifying of the acceptance of your submission, or a screenshot of the final non-financial report submitted through the sponsor's portal.
